

Pre Conditions

At least one project with {project_id} created

Steps to Reproduce

- POST http://localhost:4567/project
- PUT http://localhost:4567/project/{project_id} (assign new "id")

Bug Description

Although the project, according to the documentation, is supposed to accept a new ID value, it does not successfully do so

Frequency

Every time

Productivity Impact

Low, this is just to do with project numbers

Notes

None
